

June Maintenance Report

Happenings:

- Painting the auditorium has finished
- Setting up for the Glenn Miller Festival
- Trophy case removal
- Replaced emergency lights and drivers in 2nd grade bathrooms
- Removed the large air handler and sealed the passage that serviced the Garfield Gym and was decommissioned because of Radon levels.
- Carpets cleaned at central office
- Floors in both science rooms at 4-6 stripped and waxed
- Diagnosed and ordered audio amp for the auditorium
- Carpet cleaning and normal summer room cleaning has begun in full swing

Looking forward:

- Complete the Maint. Building
- Electrical project at Garfield
- Commons air handler project
- Install new work lighting in the auditorium for the house and stage also repair some circuits for lights that are currently not working
- Much painting throughout the district
