**Resilite Classic Mat Disclaimer**

Resilite Classic Mats will be designed and manufactured as close as possible to the specifications and dimensions that were provided to Resilite at the time this layout was produced. Because of the characteristics of Classic Mats, Resilite will manufacture the mat or mat sections with 4% - 5% of oversize. This oversize is based on many factors and is required because of the Classic Mat manufacturing process and shrinkage. Resilite Classic Mats CAN NOT and WILL NOT be manufactured to exact and precise measurements. Classic Mats will continue to shrink and require 8 to 12 months before the full curing process is complete.

**Possible Shrinkage - Plan Accordingly**

All foam wrestling mats are subject to expansion and contraction due to environmental and physical conditions. Vinyl-coated mats are subject to shrinkage. Therefore, mats are oversized to compensate for this shrinkage. Resilite guarantees the mats to be within a +/- 4% tolerance.

**CURING:** Resilite Classic Mats WILL NEED TO BE CURED for no less than two (2) weeks.

NOTE: Mats should be unrolled and laid flat for seven (7) days on each side.
