Re: Outdoor Scoreboard Proposal

It is my recommendation that we accept the quote from Varsity Group for a new outdoor scoreboard at our High School Stadium.

Attached are two quotes from Scorevision and Varsity Group for a new outdoor scoreboard/video board display. Currently we have 2 Indoor Scorevision displays in our HS gymnasium. These displays are a focal point of our gym and almost always the first thing spectators from opposing teams mention. These displays allow for tons of marketing/sponsorship opportunities, opportunities for student produced graphics/videos/etc, and we are one of 3 schools in our conference that currently have these display systems.

In researching and requesting quotes, it was brought to my attention that other companies are slow processing quotes to schools who already have indoor Scorevision displays in order to muddy the process. I have reached out to Daktronics to get the 3rd required quote, however they have not gotten back to me with an update or quote on the project we are looking for.

Because of this I request we waive the 3rd required quote and move forward with this project so that we are able to have the new displays up and running before the 2023 Fall season arrives.

Thank you for your time and consideration.
