

Maint. Report October

Happenings:

- Exterior of the maint. building is complete. The interior and the HVAC is a work in progress as we have a few spare minutes.
- Parking lot lights for handicap parking installed
- Continuing to set up for the many fall activities
- Mowing is starting to wind down even with all of the rain
- Fencing is installed at the high school around the athletic complex and teacher parking lot
- Adjusted many of the exterior doors at the elementary
- Addressed a few roof leaks throughout the district and waiting on some repairs still
- Several minor plumbing and HVAC repairs

Looking forward:

- Complete the interior and HVAC to the maint. Building
- Winterize equipment, irrigation systems, generally prepare the properties for winter
- HVAC filter changes
