Clarinda Community School District Board,

In February of this year, the School Board approved the purchase of a new Activity Bus for the district. It was planned to arrive shortly after the start of this current School year. Due to unforeseen delays by the manufacturer, it is now projected to arrive in August of 2023. Funds for the purchase of the activity bus were allocated for the 2022-2023 school year. Due to the delay in delivery the district would not use current fiscal year funding as it would be put off until the 2023-2024 School Year.

With the age of several of our fleet vehicles and the reliance we have put in using the Suburbans for trips to save on fuel I would like to ask the Board to consider the purchase of 2 new Suburbans that can be used for transportation of CSD students and staff. Below is a price quote from Shore Motor Company for 2 Suburbans. One is currently available for delivery asap. The second is on order from the Des Moines dealer who coordinates State Bids for vehicles.

2023 Chevy Suburban 4X4 8 passenger White in color with Back up alarm installed.

Price: \$45,683 each

2 Suburbans would cost \$91,366

We would not trade any current district vehicles towards this purchase but would dedicate the 2009 Dodge Mini Van to the IT Department and the Red Impala would only be used for local/in town transportation. Both have over 100,000 miles of service accrued.

My recommendation is to accept the following bid: \$91,366 from Shore Motor Company to purchase 2 Suburbans

Respectfully submitted;  
Richard F Iske  
Transportation Director

CLARINDA SCHOOLS

We can provide 1 Chevrolet Suburban 4x4 with 8 passenger seating at the state bid price of \$45,683 with the backup alarm included. It is white in color

This Suburban is available for delivery right now.
