Midwest Data Center is making no covenants, guarantees, or promises that the surveillance equipment it installs will:

- Detect unlawful activity.
- Deter unlawful activity
- Lead to the discovery of unlawful activity.
- Aid in the capture, arrest or conviction of anyone engaged in unlawful activity.

Labor is an estimate only, not a contract. This estimate is for completing the job described above based on our onsite evaluation. It does not include unforeseen price increases or additional labor and/or materials which may be required should project scope and onsite premise issues arise. Customer agrees to fully pay for all charges up to 20% deviation in the estimate. Any deviation beyond 20% requires an executed change order.
